Reports on the Administration of the Local Boards  
in the Bombay Presidency including Sind for  
the year 1920-21.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P.—52.

Secretariat, Fort, Bombay,

Dated the 13th July 1922.

*Read—*

The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of Local Boards in their respective charges during the year 1920-21.

**RESOLUTION.—Number of Boards.**—The number of District and of Taluka Local Boards remained the same as in the preceding year, being 26 and 219, respectively.

2. *Area and Population.*—About  $7\frac{1}{4}$  square miles passed from Local Boards to Municipalities, mostly in the Southern Division. The population of Local Board areas shows an apparent loss of about ten lakhs, but this is due to the facts that the figures of the 1921 census were adopted instead of those of 1911, people have migrated from the rural areas to the small country towns and the population of newly formed municipalities is necessarily excluded from that of the Local Boards.

3. *Constitution.*—The year marks a further advance in the liberation of the Boards from internal official control. In Sind the District and Taluka Boards in the Upper Sind Frontier District and four Taluka Boards in the Thar Parkar District were the only Boards which were not elected; but it has since been decided to grant to the Local Boards in the former district, an elective constitution from the end of their current terms. All Boards in the Northern and Southern Divisions were reconstituted on the basis of a two-thirds elective element. Similarly, all Boards in the Nasik District were reconstituted and thus most of the Boards in the Central Division have now a two-thirds elective majority.

Non-officials were freely selected to act as Presidents and Vice-Presidents of the Local Boards. In Sind the Hyderabad and Karachi District Local Boards had non-official Presidents, and since the close of the year one has been appointed for the Larkana District Local Board also. Of the 59 Taluka Local Boards in Sind 53 had non-official Vice-Presidents. In the Northern Division a non-official President was appointed for the Kaira District Local Board and since the close of the year the same privilege has been extended to the remaining District Local Boards of the Panch Mahals and Surat. Ten additional Taluka Boards in the Division were also given non-official Presidents, raising the number of such Taluka Boards from 12 to 22. The Vice-Presidents of all the District Boards and, with very few exceptions, of all the Taluka Boards were non-officials. In the Central Division the East and the West Khandesh District Local Boards which were the only remaining Boards with official Presidents were given non-official Presidents. The number of Taluka Local Boards having non-official Presidents showed a marked increase from 10 to 37 whilst 56 out of 67 Taluka Boards in the Division had non-official Vice-Presidents. In the Southern Division non-official Presidents were appointed to the Bijapur and Kanara District Boards, thus leaving the Ratnagiri Board only with an official President. The number of Taluka Local Boards having non-official Presidents rose from 11 in the preceding year to 33.

4. *Elections.*—There were six by-elections in Taluka Boards in the Central Division none of which aroused any appreciable interest. For three of the four vacancies in the Satara District no candidate came forward and Government had to

make the appointments under section 24 of the Local Boards Act. In the Southern Division, however, in the case of the Bijapur District, the only District in which triennial elections were held, 71 per cent. of the seats were contested and some interest was taken by the voters.

5. *Meetings.*—As compared with the previous year there was a fall in the total number of meetings held during the year, from 1,509 to 1,434 and the total number of meetings which proved abortive for want of a quorum rose from 163 to 172. The number of meetings that were adjourned remained the same as in the preceding year, namely, 52. No District Local Board and with a few exceptions no Taluka Local Board failed to hold the prescribed minimum number of meetings. Most of the exceptions were Taluka Local Boards in the Sholapur District in the Central Division. Business was, as in the preceding years, transacted by circular memoranda under the provisions of section 34 of the Local Boards Act, as well as in meetings especially in Sind and to a certain extent in the Central and Southern Divisions. The average percentage of members attending each meeting in the Northern, Central, and Southern Divisions and in Sind was respectively 59, 57, 54 and 49 against 62, 56, 60 and 51 in the preceding year.

6. *Income.*—The aggregate income of the Boards (excluding debt items) fell from 129 to 124 lakhs of rupees. The following statement compares the receipts under the principal heads of revenue with those of the preceding year:—

*Income.*

(Rupees in thousands.)

Sub-head.		1920-21.	1919-20.	Increase.	Decrease.
Land revenue	.. .. ..	4,18	4,10	8	....
Local rates	.. .. ..	23,80	33,63	....	9,83
Interest	.. .. ..	31	30	1	....
Police	.. .. ..	2,59	2,43	16	....
Education	.. .. ..	61,81	59,34	2,47	....
Medical	.. .. ..	1,61	1,62	....	1
Scientific and other minor Departments	.. .. ..	1,08	1,19	....	11
Miscellaneous	.. .. ..	1,01	75	26	....
Civil Works	.. .. ..	27,17	25,06	2,11	....

7. *Local Rates.*—This is the only head under which any important change took place. In the previous year there had been an abnormal increase of  $7\frac{1}{2}$  lakhs, due to the recovery of land revenue suspended during the previous year and in addition to this there were short collections in the year under report owing to the unfavourable season.

8. *Education.*—The increase of  $2\frac{1}{2}$  lakhs under this head is mainly due to the increased salaries of teachers, and simply represents a larger Government grant for this purpose.

9. *Civil Works.*—The increase of about 2 lakhs under this head was the net result of the increase of Rs.  $(1,68,728 + 95,866 =)$  2,64,594 in the Northern and Central Divisions against the decrease of Rs.  $(42,682 + 11,000 =)$  53,682 in Sind and the Southern Divisions. The increase in the Northern Division was due to increased receipts from "Sale of Buildings, etc., " and "Contributions from Government and from others". Government grants to the Ahmednagar District Local Board — 48,000 for completion of roads taken up as famine works in 1919-20 and Rs. 32,500 for the improvement of water supply—constitute the major portion of the increase in the Central Division. The decrease of Rs. 11,000 in the Southern Division is accounted for by the fall in the toll and ferry receipts and receipt of smaller Government grants.

10. *Expenditure.*—The total ordinary expenditure stood at Rs. 130 lakhs as against Rs. 120 lakhs in the previous year and Rs. 104 and Rs. 82 lakhs in the two years immediately preceding showing a continuous increase of expenditure

during recent years. The statement given below shows how the expenditure was distributed between the several heads side by side with the corresponding figures for the previous year:—

*Expenditure.*

(Rupees in thousands.)

Sub-heads.	1920-21.	1919-20.	Increase.	Decrease.
Administration	3.14	2.28	.86	....
Education	69.65	62.74	6.91	....
Medical	8.73	8.48	.25	....
Scientific and other minor Departments	1.81	1.88	....	7
Stationery and Printing	1.19	24	....	5
Miscellaneous	1.49	1.60	....	11
Civil Works	43.35	40.62	2.73	....
Debt	2.29	13.13	....	10.84
	1,30.65	1,30.97	10.75	11.07

The more striking variations are commented upon below.

11. *Administration*.—The increase which was shared by all the Divisions and Sind, was due to increased allowances to Local Board establishment, entertainment of additional establishment for new non-official presidents, etc., and the payment of travelling allowance to members recently sanctioned by Government.

12. *Education*.—The increase under this head was almost uniformly distributed between Sind and the three Divisions and was mainly due to the revision of pay of school teachers but also to larger grants of scholarships and of contributions to private institutions.

13. *Medical*.—The major portion of the increase was contributed by Sind and was due to the grant of increased pay and war allowance to dispensary and vaccination establishments and the high prices of medicine. In the Southern Division three new dispensaries were opened during the year at (1) Chandgad in Belgaum. (2) Nagothna in Kolaba and (3) Khed in Ratnagiri. The construction of dispensary buildings at Khed and Devruk in Ratnagiri was completed while the construction at Shiggaon in the Dharwar District was in progress.

14. *Civil Works*.—Rs. 2,73,347 more were expended under this head than in the previous year. All the Divisions and Sind contributed to the increase, the Central Division showing the greatest increase namely Rs. 1,64,072. A comparison of the figures of expenditure incurred under the several sub-heads with the corresponding ones of the preceding year is made in the following statement:—

*Civil Works.*

(Rupees in thousands.)

—	1920-21.	1919-20.	Increase or Decrease (+ or -)
Buildings	6.14	3.80	+ 2.34
Original	2.34	2.12	+ .22
Repairs	5.71	5.13	+ .58
Communications	16.11	18.00	- 1.89
Original	1.91	1.44	+ .47
Repairs	1.80	1.75	+ .05
Water Supply and Water Works	21	13	+ 8
Original	1.91	1.44	+ .47
Repairs	1.80	1.75	+ .05
Other works of improvement	..	..	..
Establishment and Contingencies	5.46	5.30	+ .16
Tools and Plant	1.17	.67	+ .50
Staging Bungalows, etc., establishments and charges	14	11	+ 3
Arboriculture	1.39	1.47	- .08
Miscellaneous	26	12	+ 14

15. *Communications*.—Rs. 58 thousand more were spent on original works but the expenditure on repairs fell by Rs. 189 thousand. The decrease under repairs was shared by all the Divisions and Sind. The Bijapur and Ratnagiri Boards which were mainly responsible for the decrease in the Southern Division are reported to

have been obliged to spend Rs. 10,000 and 6,000 respectively, less than the Government grants for the purpose owing to expenditure on famine works in Bijapur and on medical charges in Ratnagiri. The increase under "original works" in the Central Division was shared by all the Districts except Poona, a marked increase being in the Ahmednagar District on account of the completion of three famine roads by means of Government grants. Provincialization of roads was mainly responsible for the decrease in the Northern Division and partly for that in Sind. An additional cause of the apparent decrease in Sind was the receipt in the preceding year of a special grant of Rs. 50,000 by the Karachi District Board.

16. *Water Supply.*—The increased expenditure occurred mainly in the three Divisions. In Sind the increase of 9,000 under original works for sinking of 19 wells was counterbalanced by a decrease of 10,000 under the head of repairs. The Southern Division had to spend more owing to the general deficiency of rain fall. In the Kolaba District there was as usual a great deficiency of water and a keen necessity for increasing the water supply. The increase of Rs. 25,025 in the Central Division was the largest and was shared by all the Districts except West Khandesh, Poona and Sholapur. The Kaira and Broach Districts contributed to the increase in the Northern Division.

17. *Closing Balances.*—The opening and closing balances of the District Local Boards are tabulated by Divisions in the statement appended to this Resolution. The Boards closed their annual accounts with an aggregate balance of Rs. 35 lakhs, being less than that of the preceding year by 9 lakhs. Sind and the Central Division were chiefly responsible for the comparative fall, contributing 7·35 lakhs and 4·17 lakhs respectively. The decrease was counterbalanced in part by an increase of 1·88 lakhs in the Northern Division and of Rs. 40 thousand in the Southern Division. In the Northern Division the increase of about 28 thousand over the closing balance of the preceding year shown by Broach, is accounted for by larger realizations from the Local Fund Cess than were anticipated in the budget. The Surat Board explains its excess balance, the bulk of which was for Educational, Medical and Veterinary objects, by the failure of the Public Works Department to utilize the amount for certain works under construction and by its own inability to do the same owing to the scarcity of labour and the high prices of materials. In spite of the decrease the balances still largely exceed the minima prescribed. These large excesses were mostly due to the non-completion of the budgeted programme of works for one reason or other. The Commissioner, C. D., remarks that the accumulation of heavy balances indicates a certain want of method and organization in the arrangement of works. In the Southern Division all the Districts except Bijapur and Kanara showed large apparent balances but the bulk of these is reported to have been allotted for the construction of educational buildings, while most of the remainder was on account of sums not yet spent on works which had not been completed or not even begun. The true available balances were thus very small. An almost general reduction was effected in the unspent balances of the Boards in Sind as compared with the preceding year, but this was largely due to the fact that the normal demands on the resources of the Boards were in excess of their revenue so much so that some of the Boards drew upon their savings to meet expenditure that should properly have been defrayed from current revenues. The Karachi and Hyderabad Boards showed large educational balances of Rs. 57 and 78 thousand, respectively, but they were expected to be utilized during the following year.

18. *Works Committees.*—The operations of these Committees were on the whole progressive but the interest shown by the generality of the members was not so keen and widespread as is necessary for the effective and economical execution of the works supervised by them. The tendency shown by some of the working members of neglecting the very necessary personal supervision of works on the spot was checked, to a certain extent, by the grant of travelling allowances recently sanctioned by Government. In addition to these Works Committees as many as 38 Village Committees in the Kaira District and similar Committees in the Dohad Taluka of the Panch Mahals District in the Northern Division were constituted and some of the members are reported to have taken a keen interest in supervising works committed to their charge and in rendering assistance in procuring carts, labour etc. In the Central Division the Taluka Board of Sakri is reported to have tried the experiment of giving small works on contract to Village Patils and Panchas but without satisfactory results. In 7 out of 10 Taluka Local Boards of the

Ahmednagar District villagers undertook village works on their own responsibility and a hope is expressed that a further progress in this direction will be made when Village Panchayats are established. The Committees of the Taluka Local Boards in the Belgaum District did nothing, and in the Taluka Local Board of Belgaum there was serious mismanagement of works. In Sind the members of the Committees in the Districts of Karachi, Hyderabad, Sukkur and Nawabshah are reported to have taken considerable interest in the work of inspection and supervision. Some of the members of the Committees in the Larkana District showed a little interest while those in the Thar, Parkar and Upper Sind Frontier Districts were generally apathetic.

*19. General Remarks.*—The Boards on the whole continued to work satisfactorily and the Presidents and Vice-Presidents of the Boards, now mostly non-officials, took a keen and practical interest in their work. They received material assistance from the Chief Officers. The members as a class, with however a number of individual exceptions, did not take a proper interest in their work, not appearing to realize the responsibilities of their office which they seem to consider more or less honorary and advisory only. This lukewarm attitude of the members deprives the Presidents and Vice-Presidents of the Boards and their executive Officers of the support and assistance which they have a right to expect. Government can only repeat that in their opinion there can be little progress in local board matters until the members realize their duty to the public whom they represent. In particular regular and systematic supervision by members of Local Board Works, and specially road works is essential if the work is to be carried out either efficiently or economically. Without such supervision the chances of fraud and extravagance both in estimates and contracts are greatly increased. The entertainment of an engineering establishment of their own by a few Local Boards is a step in the right direction and Government if satisfied of the efficiency of the establishment employed are prepared gradually to relax the rule by which all important works must be carried out by the Public Works Department. They have already relaxed the restriction in Ahmednagar District where there is a progressive Local Board with an able and energetic President.

The large closing balances of the Boards are as pointed out above mainly illusory. Difficulty was felt by all Boards in meeting the ever increasing cost of establishment and works owing to the general and continuous rise of prices. The inelastic revenue of the Boards was found to be increasingly inadequate to meet the growing demands for expenditure. The large Government grants which were freely given provided a palliative but even with them the revenue of the Boards was insufficient for the proper discharge of their functions. Provision has however been made in the Bill at present under consideration for District Local Boards to raise funds by taxation. This should enable them to obtain a sufficient income if properly used.

There was not only no substantial improvement in Local Board roads but on the other hand signs of a progressive deterioration are apparent. Lack of funds to meet the increased cost of labour and materials, the insufficiency of the Boards' own agency to carry out the necessary works and the lack of proper supervision of works were the principal reasons for this state of affairs. Moreover, the need of framing a systematic programme of road works based on the degree of importance and necessity for each work does not appear to have been realized. With the improvement of finances, the maintenance by the Boards of separate engineering establishments and the more thorough vigilance of the Works Committees it is hoped that the condition of the roads will improve. Many roads, measuring in the Central Division as many as 720 miles, were provincialized and the Local Boards concerned were thus afforded very considerable relief.

Want of proper houses for village schools continued to be felt. The designing of a school building which shall be both cheap and suitable is a problem to be solved by the engineering staff of the Boards. The increase in the number of schools has been temporarily retarded by the necessity for first increasing the rates of pay of teachers to bring their pay up to the standard of a living wage. There is an urgent necessity for an increase in the supply of trained mistresses for the promotion of female education in rural areas to bring it up to the same standard as in municipalities.

The District Local Boards in the Central Division, especially Ahmednagar, Poona, Satara and Sholapur, are reported to have readily borne their share of the measures for relief of distress in the famine stricken areas. The Ahmednagar Board undertook considerable operations for the improvement of water-supply and also maintained a cheap grain shop. The other three Boards referred to helped by opening relief road works. In the Southern Division similar works were also undertaken by the Bijapur Board.

The account work of many Local Boards in the Southern Division continues to be very bad, the principal offenders being the Taluka Local Boards of Chikodi, Indi, Bagalkot, Gadag, Hangal and Honawar and the District Local Board of Kolaba. The importance of keeping proper and regular accounts should again be impressed upon the defaulting Boards.

20. Copies of the Resolution should be submitted to the Secretary of State for India, and the Government of India and should be forwarded to all Commissioners and Collectors and to the other Officers and Departments concerned.

By order of the Government of Bombay  
(Transferred Departments),

S. N. ZIMAN,  
Deputy Secretary to Government.

G. R., no. P.—52, G. D., dated the 13th July 1922.

\* Variation from the last year's closing balance due to final adjustment intimated by the Accountant General.

† Deduct Rs. 5,652 on account of net adjustment not included in actual receipts and payments.

‡ In the statement for the last year the closing balance was shown as Rs. 2,38,985. It was subsequently corrected by the addition of the several sums amounting now to Rs. 3,377 and deducting the sums amounting in all Rs. 5,638 under Accountant General's orders and consequently the closing balance finally acknowledged by the Accountant General comes to Rs. 2,24,606 as shown in the current year's statement.

Reports on the administration of the Local Boards in the Bombay Presidency including Sind for the year 1921-22.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P.—52.

Bombay Castle, 4th July 1923.

*Read*.—The reports from the Commissioner in Sind and the Commissioners, N. D., C. D. and S. D., on the administration of Local Boards in their respective charges during the year 1921-22.

**RESOLUTION.—Number of Boards.**—The number of District and of Taluka Local Boards remained the same as in the preceding year, being 26 and 219, respectively. The constitution of the new Taluka Local Boards of South Salsette and Ambernath in the Bombay Suburban District and of the Bombay Suburban District Local Board took effect from the 1st December 1922 and 1st January 1923, respectively.

2. *Area and Population.*—There was an increase of 236.92 square miles in the total area in charge of the Boards due to the revision in the revenue records of the figures of area in the case of the Sukkur and Larkana Districts and to the alluvion of kacha lands in the Upper Sind Frontier District. The increase of 155,423 in the figures of population was due to the final revision of the totals by the Census Office, those adopted last year being only provisional.

3. *Constitution.*—The year marks a still further advance in the liberation of the Boards from internal official control. In Sind the elective franchise was in force in the whole province except in four Talukas in the Thar Parkar District and in the backward Talukas of the Upper Sind Frontier District. It has, however, been decided to grant the elective franchise to the District and Taluka Local Boards of the Upper Sind Frontier District when their present terms come to an end. During the year several Taluka Local Boards in the Nawabshah and Thar Parkar Districts were constituted on the basis of a two-thirds elective element. All Boards in the Northern, Southern, and Central Divisions have now a two-thirds elective majority.

Non-officials were freely appointed to act as Presidents and Vice-Presidents of the Local Boards. In Sind the Karachi, Hyderabad, Larkana and Nawabshah District Local Boards had non-official Presidents, and since the close of the year, a non-official President has also been selected for the Sukkur District Local Board. In the Northern Division all the six District Local Boards had non-official Presidents and of the 42 Taluka Local Boards twenty had non-official Presidents, Ahmedabad, however, having 7 Taluka Local Boards with official Presidents out of its 9 Taluka Local Boards. Panchmahals, Kaira and Broach Districts still had a number of official Presidents of every Taluka Local Board, but the Thana Taluka Local Boards all had non-official Presidents. The Vice-Presidents of all the District Local Boards and, with very few exceptions, of the Taluka Boards were non-officials. In the Central Division all the District Local Boards were administered by non-official Presidents, except West Khandesh which has had a non-official President since the close of the year. In the Southern Division the Ratnagiri District Local Board only was under an official President. The number of Taluka Local Boards having non-official Presidents increased from 33 to 40. Three District Local Boards and 29 Taluka Local Boards had non-official Vice-District Local Boards.

4. *Elections.*—In the Southern Division triennial elections were held only in Ratnagiri. In most cases seats were contested and considerable interest

was evinced by the electorate. The number of elected members of District Local Boards fell from 62 to 61. The change was due to the Malwan Municipality having ceased to exercise its right of election under section 7 (b) of the Local Boards Act, 1884. In the Central Division there were no general elections. There were five bye-elections in Taluka Local Boards, none of which aroused any appreciable interest, to fill up vacancies due to casualties. In the Northern Division triennial elections were held in the Panchmahals and Surat Districts. In the Panchmahals the non-co-operators took a keen interest in the elections. They were generally unsuccessful except in Godhra and Kalol where three and four seats respectively were captured by them. In Surat considerable interest was evinced in the elections at Chorasi and Jalalpore. The non-co-operation movement at Bardoli was a prominent feature of the year. The campaign of non-co-operation and civil disobedience in that Taluka was subjecting loyal citizens to such pressure and intimidation that free and fair voting at the impending elections was considered impossible and in consequence the term of this Board was extended with the intention of awaiting a calmer atmosphere.

5. *Meetings.*—The total number of meetings held during the year rose from 1,434 to 1,495, of which 180 proved abortive for want of a quorum. No District Local Board and, with some exceptions in the Southern and Central Divisions, no Taluka Local Board failed to hold the prescribed minimum number of meetings. Business was, as in the preceding years, transacted by circular memoranda under the provisions of section 34 of the Local Boards Act, 1884, as well as in meetings, especially in Sind and to a certain extent in the Central and Southern Divisions. The average percentage of members attending each meeting in the Northern, Central and Southern Divisions and in Sind was respectively 63, 56, 57 and 47 against 59, 57, 54 and 49 in the preceding year.

6. *Income.*—The aggregate income of the Boards (excluding debt items) rose from 1,24 to 1,53 lakhs of rupees, a notable increase of Rs. 29 lakhs. The following table compares the receipts under the principal heads of revenue with those of the preceding year :—

#### Income.

(Rupees in thousands.)

Sub-head.		1921-22.	1920-21.	Increase.	Decrease.
Land Revenue	...	4,89	4,18	21	.....
Local Rates	...	35,61	28,80	11,81	.....
Interest	...	89	81	2	.....
Police	...	1,93	2,59	.....	66
Education	...	78,65	61,81	16,84	.....
Medical	...	1,85	1,61	24	.....
Scientific and other minor Departments	..	1,06	1,08	.....	2
Miscellaneous	...	1,28	1,01	22	.....
Civil Works	...	27,68	27,17	51	.....

7. *Land Revenue.*—In the Northern Division the increase (Rs. 13,445) was mainly due to the larger income from sand and stone in almost all the Districts except the Panchmahals and to an increase in Government grants to Ahmedabad and Surat on account of establishments transferred to these Boards. Sind was mainly responsible for the increase (Rs. 28,000) which occurred almost in the Karachi, Hyderabad, Sukkur and Larkana Districts where the fishery farms fetched more than in the preceding year owing to keen competition. The increase was also due to larger realizations from quarrying fees and to the recovery of past years' arrears. These increases were counterbalanced by a decrease of Rs. 7,000 and Rs. 12,000 in the Southern and Central Divisions, respectively.

8. *Local Rates.*—The very considerable increase of Rs. 11,81,000 under this head was shared by all the Divisions and Sind. A good season led to the recovery of the local fund cess which had been suspended in the previous year in addition to the full collection of the cess for the year under review.

9. The decrease of Rs. 66,000 under the head "Police" was due to smaller receipts under the Cattle Trespass Act, and in Sholapur to a large amount having been spent on the construction and repairs of cattle-pounds.

10. *Education.*—The large increase of Rs. 16,84,000 under this head was chiefly due to enhanced Government grants to meet the expenses consequent on the revision of pay of trained primary school teachers and also to larger contributions from Government for school buildings.

11. *Medical.*—Sind and Northern Division were mainly responsible for the increase under this head. The increase in Sind was due to the District Local Board of Thar Parkar having received during the year arrears of grants for the year 1920-21. In the Northern Division it was mainly due to the receipt of popular contributions for the Virsad and Thasra dispensaries in the Kaira District and to increased Government grants on account of these two dispensaries and the one at Tankaria in the Broach District.

12. *Civil Works.*—The increase of about 51,000 under this head was the net result of the increase of Rs. (1,60,416 + 40,000) = 2,00,416 in the Central Division and in Sind against the decrease of Rs. (62,000 + 87,472) = 1,49,472 in the Southern and Northern Divisions. The increase in the Central Division appears to be mainly due to large Government grants for buildings, roads and water-supply and in Poona to recovery of arrears of toll revenue. The main sources of increase in Sind were—

- (1) increased realizations from ferries and sale proceeds of trees,
- (2) the sale of the District Local Board Bungalow at Radhan, and
- (3) Government contributions for the medical dispensary at Sinjhoro and for tools and plant charges on works carried out through the agency of the Public Works Department. The decrease of Rs. 87,472 in the Northern Division occurred under the sub-head "Tolls on ferries and roads", contributions from Government and other contributions and was due to the abolition of tolls and to smaller Government and popular contributions.

13. *Expenditure.*—The total ordinary expenditure stood at Rs. 1,47 lakhs as against Rs. 1,30 lakhs in the previous year and Rs. 1,20 and Rs. 1,04 lakhs in the two years immediately preceding showing a continuous increase of expenditure during recent years. The statement given below shows the distribution of expenditure under the several Heads as compared with that in the preceding year:—

#### *Expenditure.*

(Rupees in thousands.)

	1921-22.	1920-21.	Increase.	Decrease.
Administration	... ...	4,13	3,14	99
Education	... ...	89,70	69,65	14,05
Medical	... ...	9,79	8,78	1,06
Scientific and other minor Departments.		1,94	1,81	13
Stationery and Printing	... ...	16	19	..... 8
Miscellaneous	... ...	1,74	1,49	25
Civil Works	... ...	48,45	48,85	10
Debt	... ...	8,91	2,29	1,62
Total ...	1,48,82	1,20,65	18,20	8

The most striking variations are commented upon below.

14. *Administration.*—The increase which was shared by all the Divisions and Sind was due to the revision of pay of Local Board establishments, entertainment of additional establishment for new non-official Presidents, etc., and the payment of travelling allowance to the Local Board members. In the previous year the system of payment of travelling allowance to members was in operation for a part of the year only.

15. *Education.*—The expenditure under this head is steadily increasing. The increase which was contributed to by all the Divisions of the Presidency and Sind was chiefly due to (1) the revision of salaries of trained teachers, (2) payment of allowances to untrained teachers of primary schools, (3) re-equipment of some of the schools with furniture, science apparatus, etc., and (4) increased expenditure on account of scholarships.

16. *Medical.*—All the Divisions of the Presidency except Sind contributed to the increase, the Central Division showing the greatest increase, namely, Rs. 70,861. It was chiefly due to the (1) payment of Local Board contribution to Government towards the revised pay of Sub-Assistant Surgeons, (2) gradual increase in the cost of maintaining dispensaries owing to the rise in prices of medical stores, and (3) establishment of new dispensaries at Changad and Hukeri in Belgaum in the Southern Division and at Thasra and Virsad in the Kaira District in the Northern Division. In the Southern Division a dispensary at Shiggaon in Dharwar was completed. The project for a dispensary at Gokarn will soon be started. The decrease in Sind calls for no special remarks.

17. *Civil Works.*—The expenditure under this head rose by Rs. 10,000 only as compared with the previous year's outlay of Rs. 43,35,465. The increase, which was shared by the Southern and Northern Divisions, was to a great extent counterbalanced by a decrease in the expenditure by the Central Division and Sind. The subjoined statement compares the charges under the various heads with those of the preceding year :—

#### *Civil Works.*

(Rupees in thousands.)

		1921-22.	1920-21.	Increase or Decrease + or -
Buildings	Original ...	5,24	6,14	- 90
	Repairs ...	2,55	2,34	+ 21
Communications ...	Original ...	6,22	5,71	+ 51
	Repairs ...	16,46	16,11	+ .35
Water-supply and water works.	Original ...	1,61	1,91	- 30
	Repairs ...	1,78	1,80	- 7
Other works of improvement	... ...	5	21	- 16
Establishment and contingencies	... ...	6,00	5,46	+ 54
Tools and plant	... ...	1,37	1,17	+ 20
Staging Bungalows, etc., establishments and charges	.. ..	14	14	.....
Arboriculture	... ...	1,08	1,39	- 31
Miscellaneous	... ...	37	26	+ 11

18. *Communications.*—In the Northern Division the total expenditure on original works rose from Rs. 80,641 to Rs. 1,86,373 while that on repairs from Rs. 4,42,798 to 4,94,743. Kaira, Broach and Thana spent more than in the year preceding on the construction of new roads. The last two District Local Boards also spent Rs. 12,702 and Rs. 28,920 more on repairs of roads. In the Central Division all the Districts except Satara and Poona recorded decreases under "original works" which were due to fewer works being executed for want of labour. In the Southern Division the expenditure under this head

increased from Rs. 4,64,000 to 4,98,000. Under "original works" there was an increase in all Districts except Belgaum, where two famine works started in the previous year were stopped and Government grant was mostly utilized in carrying out only special repairs to the existing roads. In Sind the expenditure fell from Rs. 5 lakhs to Rs. 4.29 lakhs. This fall occurred in all Districts except Larkana and Thar Parkar, the chief reasons for it being the non-completion of works during the year, the late receipt of claims, the scarcity of contractors and the provincialization of certain roads.

19. *Water Supply.*—The expenditure under this head showed a net decrease of Rs. 37,000 on the preceding year's outlay of Rs. 3,70,475. All the Divisions and Sind contributed towards the decrease. In the Northern Division the Local Boards spent Rs. 2,543 more on repairs and Rs. 11,238 less on "original works". The increase under the former sub-head was mainly due to a large provision by the District Local Board, Broach, for water works to provide labour owing to the semi-famine conditions prevailing in the District. The decrease under the latter sub-head was chiefly due to Kaira having spent Rs. 12,646 less on works of water supply. In the Central Division the decrease was shared by all the Districts except Ahmednagar where on account of the scarcity of drinking water supply which was general an amount of Rs. 29,686 from Government grant was spent on water services, silt clearing, deepening wells, etc. In the Southern Division the decrease (Rs. 14,000) was shared by all Districts except Kolaba and Ratnagiri. On the whole as a result of a good season, water was abundant and repairs could not be undertaken. This accounts for the nett decrease.

20. *Closing Balances.*—The table appended to this Resolution shows with Divisional tables, the opening and closing balances of the District Local Boards. The aggregate of the closing balances of all the Boards of the Presidency amounted to Rs. 39 $\frac{1}{4}$  lakhs against Rs. 35 lakhs in the previous year. These closing balances are considerably in excess of the prescribed minima. A considerable portion of these inflated balances consists of educational funds, the spending of which was in most cases retarded by the inability of the Taluka Local Boards to utilise the full allotments made to them and to complete the budgeted works during the year owing to the dearth of labour and want of reliable contractors. The large closing balances are by no means an indication that the Boards generally find their income in excess of their expenditure. The true available balances are very small. The only Districts recording balances below the prescribed minima were Ahmednagar, Bijapur and Thar Parkar Districts. Owing to the failure of rabi rains in the Ahmednagar District there was a severe famine and consequently Local Board receipts on account of local fund cess were hardly realized during the year 1920-21. In order to enable the Ahmednagar Board to meet its unavoidable expenditure on account of establishment charges and other urgent requirements, it was allowed to overdraw its balance up to Rs. 1,58,000. The Bijapur Board had to overdraw its balance as about Rs. 37,000 had to be spent on test works in the famine of 1920-21 and also because the one anna cess was suspended owing to famine. The Thar Parkar District not only fully utilized the last year's educational balance but had a deficit of Rs. 13,000 owing to receipts from the one anna cess having declined on account of restricted cultivation. In the Northern Division the increase of about Rs. 56,000 over the closing balance of the preceding year shown by Broach has been attributed to larger realizations of local cess in the months of February and March than estimated for. In Surat the excess balance amounted to Rs. 1,85,841, the bulk of which belonged to the Educational, Medical and Veterinary sections as well as to the Taluka Local Boards. In the Central Division the excess was in part due to inability to spend the budgeted allotments and the late receipts of some grants. In the Southern Division the large educational balance shows that the financial arrangements of the Educational Department, so far as the Local Board Schools are concerned, require drastic revision. In Kolaba the Board could not utilize the sums of Rs. 50,000 earmarked for an Industrial school and Rs. 16,700 allotted for the improvements at coastal ports from the Landing and Wharfage Fund. The educational balance of the Karachi District amounted to over Rs. 56,000 which was due partly to the fact that the income from the one

anna cess greatly exceeded the estimated amount and partly to the receipt of the revised scale of pay for teachers towards the close of the year. The chief reasons assigned for the large unspent balances of the Hyderabad, Sukkur and Larkana Districts were the non-completion of some of the works by the close of the year, the abandonment of some of the works owing to their being considered unnecessary and the late receipt of the bills for works completed during the year.

21. *Works Committees.*—There is evidence in most of the district reports that Local Board members have as a class begun to take greater interest in the execution of works especially with the introduction of travelling allowances to members. In the Northern Division Works Committees consisting for the most part of non-officials were appointed in the Gujarat Districts. In addition, 24 Village Committees in the Kaira District and several such Committees in the Dohad Taluka of the Panch Mahals District were formed and the members took on the whole a fair interest in the works and in rendering assistance by procuring labour, carts, etc. Visit books were maintained on works particularly in the Kaira District and extracts of remarks by inspecting officers and members were submitted to the Boards concerned. The special engineering establishment entertained in Ahmednagar completed three new school buildings besides doing the work in connection with medical and veterinary dispensary buildings. The Ahmednagar Board has practically discontinued the practice of giving works by contract. In some of the Talukas of the Satara District the supervision was found to be slack and works executed were found to be indifferently done. In the Southern Division there was no material change in this respect. In Bijapur, Kolaba and Ratnagiri individual members performed some practical work. Village Committees in Kanara did nothing during the year. The same remark holds good of the Taluka and Village Works Committees in Ratnagiri. The Collector of Belgaum reports that the Works Committees never go through the tedious work of taking measurements, a neglect which gives opportunity for fraud. In Dharwar, owing to members signing bills without inspection of work, a fraud was committed by subordinates. In Sind the members of the Works Committees in the Districts of Sukkur and Nawabshah are reported to have taken an interest in the inspection and supervision of works. In the other Districts the interest taken by the members was small.

22. *General Remarks.*—It is gratifying to note that all the Boards have worked satisfactorily except the Thana Board which displayed lack of co-operation in dealing with certain matters. The non-official Presidents and Vice-Presidents have shown greater interest in their work though some had multifarious activities in other spheres. There are unmistakable signs that the people are taking more interest in Local Board affairs but there are still members who appear to think that their duties end when they have secured their seats and fail to realise their responsibilities. Some Presidents have complained of the apathy of members and have given instances in which frauds would not have occurred but for members' neglect of their duties. Improvement in this direction should be effected by energetic action by the Presidents on tour.

Some supervision over the increasing expenditure on travelling allowances for members of the Boards is necessary, and separate orders in this matter are being issued.

The Local Boards are now commencing a new era. The Local Boards Act, 1884, has been completely revised and the new Act, which confers on Local Boards wide powers of taxation and generally increases their resources, will enable them to fulfil their functions more fully provided the powers conferred on them are judiciously used. Also the Primary Education Act, 1923, enables them to embark on the expansion of elementary education on a systematic and extensive scale. Panchayats will, to some extent, relieve the Local Boards by sharing some of their administrative and financial responsibilities, but in the opinion of Government there will be little relief to the Local Boards and little advancement of Local Self-Government until Panchayats impose and collect taxation willingly.

23. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and to the other officers and the Departments concerned.

By order of the Government of Bombay  
(Transferred Departments)

S. N. ZIMAN,  
Acting Secretary to Government.

G. R. no. P.—52, G. D., dated the 4th July 1923.
